**The SLC Film Center, Westminster College and the United Jewish Federation of Utah
are pleased to present a screening of
EVER AGAIN**

**With special guest Rabbi Aron Hier
Director of Campus Outreach at the Simon Wiesenthal Center**

"In the final moments of World War II and on the eve of his own death, Adolf Hitler predicted a rebirth of the anti-Semitism that defined his reign of terror. Some, including the filmmakers behind EVER AGAIN, believe that rebirth is well under way in today's Europe, fueled by a rising resentment of Israel and by two divergent groups with a common, profound hatred of Jews."

—Jessica Reaves, Chicago Tribune staff reporter

This screening is part of the Westminster College Film and Lecture Series, sponsored by the Office of the President of Westminster College and the A.S.W.C. and curated by the SLC Film Center.

With this series, *DOGMA* and *DOUBT: Exploring Faith and Fundamentalism through Film*, we focus on religion and beliefs, and take a closer look at the perversion of and extremism in many faiths throughout the world. With these screenings and the discussions that follow each, we hope to inspire a dialogue on the current face of faith and fundamentalism around the globe.

About the Film: EVER AGAIN (USA)

Directed by Richard Trank

Narrated by Kevin Costner

75 min (2006)

Not Rated

EVER AGAIN examines the resurgence of violent anti-Semitism and terrorism that threatens Europe and all of Western civilization. It exposes the dangerous Islamic extremism and culture of death being preached from the mosques of Europe's major cities and its impact on the recent attacks in Madrid and London. It examines the new Neo-Nazism in

Germany and the shifts from the traditional anti-Semitism of the right to the anti-Semitism of the extreme left, and it raises disturbing questions about our future. The film's conclusion echoes Edmund Burke's warning, "The only thing necessary for evil to triumph is for good men to do nothing."

About Rabbi Hier:

Rabbi Aron Hier is originally from Vancouver, Canada. He obtained a BA in Economics and then studied to become an ordained Rabbi at the Yeshiva University in New York. In the 1980's he served as a tank driver in the Israeli Army. When he returned to the United States he became very interested in youth movements on college campuses and took a position as the Hillel director at University of Southern California (USC).

The Wiesenthal Center and Museum of Tolerance in Los Angeles recently developed a campus outreach program to study the roots of and combat the resurgence of anti-Semitism and its growth through Europe and North American University Campuses. Rabbi Hier directs that program and travels through North America and Europe presenting Ever Again and the newly created Life and Legacy of Simon Wiesenthal: I Have Never Forgotten You.

Rabbi Hier is happily married with 4 children and a dog.

Presented with the Simon Wiesenthal Center, United Jewish Federation of Utah, Westminster College and the SLC Film Center
